

A wonderful DCI Network breakfast was had by all, on the 2th of June 2014.

Christo Maritz from Infestation presented on Open Design Cape Town, which is happening from the 13th to the 23rd of August. This event is a wonderful way for the industry to collaborate with the organizers to get involved.

Donne Putter from Green Building Council educated us on educating ourselves about sustainable design and building. The Green Building Council offers wonderful courses for the industry and it is very worthwhile getting accredited, not only because sustainability is the way forward but also because this can open up more doors to get involved in better projects.

Katie Thompson from Recreate did a very inspiring presentation on some of her remade objects and projects.

Selections Warehouse did a fabulous job hosting us and Sir Juice sponsored delicious juices for the event. Sue from Decorex kindly donated a wonderful gift for our lucky draw!

Looking forward to the next event on the 30 of July 2014.
